WAM

ARIZONA WATER AWARENESS MONTH

DAY CALENDAR

DAY 1

NO FOOLING! SAVING WATER

Celebrate the month by sharing water-related tips, resources and activities in your community

FIRST DAY OF WAM!

DAY 2

FIND THE LEAK

Share some of the many ways to find and fix leaks

DAY 3

TEACHERS MAKE A SPLASH

Encourage educators to take water-related training and incorporate water-related activities in their classroom

DAY 4

DIY LANDSCAPE

Supply Do-It-Yourself types with the proper info they need to plan, install and care for a xeriscape

DAY 5

GET SMART, TAKE A CLASS!

Promote your classes and workshops and emphasize that citizens can get tips from the experts

DAY 6

WHAT'S YOUR WATER FOOTPRINT?

Encourage others to calculate their water footprint inside and outside the house

DAY 7

WATERING IS AS EASY AS 1-2-3

Supply AZ-focused resources to take the guess work out of landscape watering

DAY 8

A FLOOD OF LOW WATER USE PLANTS

Help citizens discover low water-use plants that can survive and thrive in our arid state

DAY 9

CAN I GET A REBATE?

Share any rebates for water-conserving products, low water-use landscapes and other efforts

DAY 10

WATER YOUR PLANTS AUTOMATICALLY

Help citizens learn more about their irrigation controllers and how they can program them correctly

DAY 11

ONLY RAIN IN THE STORM DRAIN

Encourage citizens to keep rainwater runoff from carrying pollutants into local washes, streams and wetlands

DAY 12

RAINWATER! FREE, FRESH, FILLING

Teach citizens how they can collect water from their roof by installing gutters and downspouts

DAY 13

FROM SNOWFLAKE TO TAP

Share information on where your community gets their water from

DAY 14

BUY WATERSENSE LABELS: SAVE $

Encourage citizens to reduce their water use with EPA WaterSense-labeled products

DAY 15

THE WATER (RE)CYCLE

Share information on how citizens can save water by reusing water from the bath, shower, washing machine, etc.

DAY 16

DIVE INTO WATER QUALITY

Teach citizens how they can be good water stewards by using environmentally friendly products

DAY 17

FIND THE WATER EXPERTS

Encourage your community to check out their local water provider for resources

DAY 18

WATER-SAVING APPS

Share apps your citizens can download to help them find leaks, track water use, and share water data

DAY 19

THE COST OF BOTTLED WATER

Teach citizens about the benefits of drinking tap water

DAY 20

IRRIGATION TROUBLE? DON'T GET HOSED!

Remind citizens to make sure their irrigation system waters plants, grass, trees and not the sidewalk, driveway or street

DAY 21

VISIT A GARDEN FOR INSPIRATION

Encourage others to tour xeriscape demonstration gardens to inspire them to have a landscape makeover

DAY 22

VOLUNTEER EARTH DAY & EVERY DAY

Share volunteer opportunities within your community on how they can help protect our most precious resource

EARTH DAY

DAY 23

WATER SAVED - ENERGY SAVED

Teach citizens how they can save energy and water

DAY 24

BE COOL WITH YOUR POOL

Share tips on how to efficiently manage a pool and reduce water-use

DAY 25

EYE ON DROUGHT

Share information on the impacts of drought and how to get involved

DAY 26

THE POWER OF TREES

Encourage your community to select native trees to provide wildlife corridors in urban environments

DAY 27

STREAMS OF LIFE

Share information on why we must protect riparian habitats

DAY 28

DOES YOUR GRASS HAVE CLASS?

Share resources on how to help maintain a healthy, attractive lawn without water waste

DAY 29

GROW GREEN KIDS

Ask citizens to get their kids involved in saving water through fun, interactive games and activities

DAY 30

CHOOSE HOW YOU USE

Ask your community to continue to make water wise choices every month
